About BrownDaniel

BrownDaniel was established in 2009 with the intention of creating a small real estate boutique that would grow to meet the demands of the market, yet never outgrow a founding philosophy for meeting the uniquely individual concerns of each client.

Today’s market requires your selected real estate partner to be extremely knowledgeable of the current market conditions and to be strong, aggressive negotiators. Real estate sales are not a passive activity; instead a very competitive environment where cooperation, transparency and strong communication skills are paramount to success. We use the words Integrity and Trust as a mantra, not a sales gimmick. We know in the real estate business you are only as good as your last transaction. Earning a client’s repeat business and their word-of mouth referrals has been key to our success in Atlanta real estate.
